Message From The President

Happy Chinese New Year!

As we welcome this festive season, I reflect on our journey through 2024 and feel immense gratitude for your unwavering support of the Malaysia Lysosomal Diseases Association (MLDA). Despite the challenges of the past year, your dedication and generosity have allowed us to continue our vital mission of raising awareness and supporting those living with Lysosomal Storage Diseases (LSDs).

A highlight of 2024 was the MY1200 Charity Ride, an event held in celebration of World Rare Diseases Day. This ride united a compassionate community, amplifying the voices of those affected by rare diseases. The support from our long-standing partners, IIUM, Biomarin, Puchong Ryder Club and IJM Land, has been instrumental in this success. Their contributions have been a pillar of strength, enabling us to provide essential resources to patients and families.

We were also inspired by two brave members who shared their personal journeys on social media, bringing greater awareness and understanding of the daily struggles faced by those with LSDs. Additionally, our collaboration with Sanofi brought to life the challenges of LSD patients through a unique Wayang Kulit show, fostering empathy within the wider community.

As we celebrate this New Year, I want to express my heartfelt thanks for the impact you've had on the lives of many. Your support—through donations, raising awareness, or sharing our message—has truly made a difference. Together, we've shown that even in difficult times, we can build a future filled with hope, compassion, and understanding.

Looking ahead to 2025, I am confident that with your continued support, MLDA will grow stronger and further enhance the well-being of those we serve.

Thank you for being part of this journey. Wishing you and your loved ones a prosperous and joyful Chinese New Year, filled with health, happiness, and success.

Gong Xi Fa Cai!

Ir Lee Yee Seng
President of MLDA
